

[illegible][illegible]

The diagram illustrates four rows of memory addresses, each represented by a series of boxes:

- Row 1:** A single continuous row of 16 boxes.
- Row 2:** A single continuous row of 15 boxes.
- Row 3:** A single continuous row of 17 boxes.
- Row 4:** A single continuous row of 18 boxes.

In each row, the first box contains a question mark icon, indicating an unknown or specific value at that address.

→ 

A diagram illustrating a sequence of 30 boxes. The first 25 boxes are blue, and the last 5 boxes are red. Below the boxes, there are two rows of red text. The first row contains 25 characters, and the second row contains 5 characters.
